Lake City Golf is a beautiful, challenging 18-hole public golf course. It's been open since 1928. In July of 2000

it expanded to 18 challenging golf holes that features 9 new water hazards in addition to a meandering stream running through the finishing 3 holes that are a true test for even the most avid golfer. Only 4 holes are remaining from the old course. We're located West of Hwy. 61, just 1/4 mile North of Lake City.
