## How We Define Memberships

### Golf Membership . . .

<b>Single</b>	Golf privileges to individual and their children in grade six and below (on May 1 of the golf year).
<b>Married</b>	Golf privileges to married couple and their children in grade six and below (on May 1 of the golf year).
<b>Family</b>	Golf privileges to individual or couple and children grade 12 and below (on May 1 of golf year). If all or your children are grade six or below, you qualify for the appropriate single or married membership.
<b>Young Adult</b>	Golf privileges for individuals past grade 12 to age 22 (on May 1 of the golf year).
<b>Junior</b>	Golf privileges for youth in grade 12 and below who are not covered by other plans with parents. Youth under grade 6 (on May 1 of golf year) must be accompanied by an adult.

### Seasonal Cart Rental . . .

<b>Single</b>	Cart rental privileges for one seat on a rental cart.
<b>Couple/Family</b>	Cart rental privileges for two seats on a rental cart. If two seats are being used simultaneously they must be in the same cart. If a couple wants to rent separate carts, 2 single cart rentals must be purchased.

\*\* Every effort will be made to have carts available for rental. However to be guaranteed a cart when a seasonal cart rental has been purchased, a reservation must be made 24 hours in advance.

### Cart Shed Rental and Trail Fee for Owner of Second Owner in Rented Cart Shed . . .

There is no longer a trail fee for members who rent a cart shed unless the cart ownership or use is shared by two families or individuals. The spouse of a person owning a cart is **NOT** considered a second owner. A seasonal trail fee is assessed to the second owner of the cart in a rented shed.
