How We Define Memberships

Golf Membership . . .

Single	Golf privileges to individual and their children in grade six and below (on May 1 of the golf year).
Couples	Golf privileges to an adult and his or her spouse or unrelated significant other and their children in grade six and below (on May 1 of the golf year). A significant other must live in the same principal residence at the time of application in order to receive this Couples golf Membership status. Only one significant other may be designated in a membership year.
Family	Golf privileges to individual or couple and children grade 12 and below (on May 1 of golf year). If all or your children are grade six or below, you qualify for the appropriate single or couples membership.
Young Adult	Golf privileges for individuals past or couple ages 23-35, and their children in grade six and below (based on ages on May 1 of golf year).
College Age	Golf privileges for individuals past grade 12 to age 22 (on May 1 of the golf year).
Junior	Golf privileges for youth in grade 12 and below who are not covered by other plans with parents. Youth under grade 6 (on May 1 of golf year) must be accompanied by an adult.

Seasonal Cart Rental . . .

Single	Cart rental privileges to person with single, young adult or college-age membership. This privilege is for you only. Others riding with you must pay the cart rental fee.
Couple	Cart rental privileges to person with couples or family membership. Others riding with you who are not included with you in a couples or family membership must pay the cart rental fee.

Cart Shed Rental and Trail Fee for Owner of Second Owner in Rented Cart Shed . . .

There is no longer a trail fee for members who rent a cart shed unless the cart ownership or use is shared by two families or individuals. The spouse of a person owning a cart is **NOT** considered a second owner. A seasonal trail fee is assessed to the second owner of the cart in a rented shed.

Cart owners are allowed to have guests ride with them, but they may not allow others to use their carts unless the person using the cart has paid the \$15 trail fee for the round, or a seasonal trail fee (for nonowner or second owner of the cart).

Rules

- You must check in before proceeding to first tee
- No carry-on beverages are allowed
- No more than two riders to a rented cart
- All players must have their own clubs
- Allow faster players or groups to play through
- Replace your ball marks and divots
- Use cart paths when available-keep carts 30 feet from greens
