- Junior** Golf privileges for youth in grade 12 and below who are not covered by other plans with parents. Youth under grade 6 (on May 1st of golf year).

Seasonal Cart Rental...

- Single** Cart rental privileges to people with single, young adult or college-age membership. This privilege is for you only. Others riding with you must pay the cart rental fee.
- Couple** Cart rental privileges to people with couple or family membership. Others riding with you who are not included with you in a couple or family membership must pay the cart rental fee.

Cart Shed Rental and Trail Fee for Owner of Second Owner in Rented Cart Shed.....

There is no longer a trail fee for members who rent a cart shed unless the cart ownership or use is shared by two families or individuals. The spouse of a person owning a cart is NOT considered a second owner. A seasonal trail fee is assessed to the second owner of the cart in a rented shed.

Cart owners are allowed to have guests ride with them, but they may not allow others to use their carts unless the person using the cart has paid the \$20 trail fee for the round, or a seasonal trail fee (for non-owner or second owner of the cart).
